FOREWORD

Introduction

This bibliography includes 178 titles relating to quality protein maize and written by CIMMYT researchers. It covers conventional published literature as well as unconventional reports, studies, and conference proceedings. Entries in the bibliography are subdivided into six subject headings (see contents page) and arranged alphabetically by senior author. A complete author index is also included. There may be some missing titles that were not available at the time this document was compiled. We intend to update this bibliography regularly and would appreciate any suggestions for improvement.

Photocopy requests

When ordering photocopies, indicate reference number and title of the document and send to:

Scientific Information Unit
CIMMYT
Apartado Postal 6-641
06600 MEXICO, D.F.

Photocopies cost US\$.10 per page for Latin America (MN\$25.00 in Mexico) and US\$.20 per page for all other countries.

PROLOGO

Introducción

Esta bibliografía enumera 178 obras sobre calidad de proteínas en maíz escritas por investigadores del CIMMYT, y abarca tanto literatura convencional como informes, estudios y artículos noconvencionales. Los documentos aquí incluidos se dividen en seis temas (véase el contenido) y aparecen en orden alfabético según el nombre del autor principal. También se incluye un exhaustivo índice de autores. Es posible que algunas obras no figuren en la bibliografía porque no estuvieron disponibles cuando ésta se elaboró, pero dado que se le actualizará regularmente, cualquier sugerencia para su mejoramiento será bienvenida.

Solicitud de fotocopias

Al solicitar fotocopias, indique el número de referencia y el título del documento en cuestión y envíelos a:

Unidad de Información Científica
CIMMYT
Apartado Postal 6-641
06600 México, D.F.

Las fotocopias tienen un costo unitario de US\$.10 para América Latina (MN\$25.00 en México) y US\$.20 para los demás países. Estos costos incluyen el franqueo aéreo.
